Christian Carlson

SOFTWARE ENGINEER

Profile

Software Engineer currently working on the Azure Web Team at Microsoft. Experience includes working on responsive web apps using C#, ASP.NET, React, and Javascript. Familiar with the MVC architecture pattern and developing features across the stack. Eager to learn, open minded, and passionate about technology.

Employment History

Software Engineer, Robert Half - Microsoft Azure, Seattle, WA

MARCH 2017 — PRESENT

- Shipped code daily for the Azure marketing website that receives millions of unique monthly visitors and generates billions of dollars in revenue for Microsoft.
- Helped build an internal UI web framework used across Microsoft. Worked with multiple design teams to find a unified concept that would successfully communicate the Azure brand. Made continuous updates, added features, and maintained the codebase in a frequent cadence.
- Lead development of custom user experiences on the Azure marketing website that correlated to key announcements regarding new features. These were custom experiences that involved the integration of new libraries and code concepts into our stack.
- Trained new devs on the team's process flow and best practices. Performed code reviews on open work. Acted as a mentor and source of knowledge, making myself available to answer questions and provide guidance on development decisions.

Web Developer, Rational Interaction, Seattle, WA

MAY 2016 — JANUARY 2017

- Design, built, and maintained websites for various clients including Microsoft, Acer, and the Seahawks.
- Collaborated with an in-house design team to create robust and responsive UI experiences on mobile, tablet, and desktop.
- Lead the implementation of new technologies onto our stack, including: Vue, Flexbox, Sass/Less, and ES6/Babel.

Education

Web Development Immersive Program, General Assembly, Seattle, WA

SEPTEMBER 2015 — DECEMBER 2015

12 Week Full-Stack Coding Bootcamp

Bachelors of Music, Berklee College of Music, Boston, MA

SEPTEMBER 2005 — MAY 2009

Professional Music Major with a concentration in performance, education, composition and music business.
